

# UEN-TV Highlights - October

## TV for Thinkers

### Great Series

### Skindigenous

Saturdays at 7 p.m.

Discover the art of tattooing as practiced by indigenous peoples around the world and what it reveals about some of the planet's oldest cultures.

### From Computers to Artificial Intelligence: A History

Mondays at 8 p.m.

Get up to speed on the Digital Revolution that generated more dramatic change in 80 years than in the previous two eras—the Agricultural and Industrial—combined.

### The Whole Truth with David Eisenhower

Thursdays at 8 p.m.

Leave behind partisan noise to delve into today's toughest issues with noted historian David Eisenhower and his guests.

### American Stories: Race Amity and the Other Tradition

Thursdays at 8:30 p.m.

Learn the history of cross-racial and cross-cultural relationships that impacted America's development through a series of short stories.

### History

### The Tulsa Race Massacre: 100 Years Later

October 13 at 9 p.m.

Uncover the history of Tulsa's Greenwood District as creative artists imagine what might have been and what yet may become its legacy.

### The Good Nazi

October 20 at 9 p.m.

Meet an officer in the Nazi German army who protected more than 1,000 Jews in a Lithuanian labor camp, of which about 200 were ultimately saved from death.

### Dreams of Daraa

October 21 at 9 p.m.

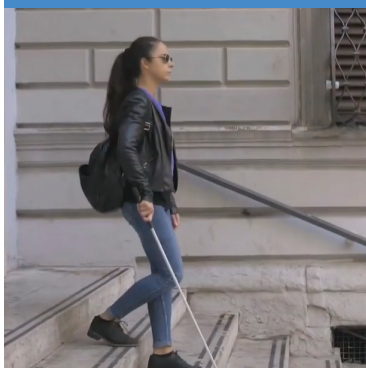

Join Hanadi, a young Syrian mother on her five-year journey through Syria, Jordan, and Germany in search of justice for her kidnapped husband and safety for her three daughters.

### Finding the Virgo

October 27 at 8 p.m.

Celebrate the best in humanity as Lauren Vuong searches for the heroic sailors that saved her—along with 57 other Vietnamese refugees—from certain death decades ago.

### Health

### Resilience: Hope Lives Here

October 5 at 9 p.m.

Understand the connection between untreated Adverse Childhood Experiences (ACEs) such as abuse, neglect and divorce and health conditions later in life.

### Re-evolution: Salud

October 7 at 8 p.m.

Consider how Cuba's approach to managing health and agricultural resources may help address global challenges.

### AI vs the Human Brain: The Final Showdown

October 11 at 9 p.m.

Examine the current landscape of artificial intelligence and how this technology may evolve.

### Accessibility Now

October 19 at 8:30 p.m.

Explore the past, present and future of the Americans with Disabilities Act (ADA) as seen from the perspectives of people with disabilities.
